HOUSEKEEPING SUGGESTIONS

7/26/2021 wb

It is recommended Owners regularly check WATER HEATERS, AIR CONDITIONING UNITS, REFRIGERATORS and BATHROOM and KITCHEN PLUMBING to guard against leaks which could result in damage to the unit below that they will be required to repair. Our superintendent's inspection and our housekeeping suggestions do not relieve Owners from damages to other property caused by their household operations or equipment.

Use about 1 cup of vinegar in the air conditioning condensate drain each year to reduce risk of clogging and overflowing.

A few tips to prepare for an extended vacancy:

- Put 2 ounces of bleach in your toilet bowls and cover with plastic wrap to reduce likelihood of rodent entry via large waste drain.
- Put 2 ounces of vegetable oil in sink drains to reduce likelihood of sewer gas and insect entry because of traps drying out.
- Thoroughly seal all food in tight insect and rodent resistant containers. Cardboard is ineffective.
- Consider using your oven, microwave and refrigerator to store your less-than-perfectly-sealed containers.
- Empty all trash containers - leave with clean receptacles.
- Unplug inactive appliances.
- Shut off valve to the hot water tank.
- Set thermostat and humidistat to lower limits - commonly leave the unit set on "auto" and set thermostat to 78 degrees and humidistat to 50% or lower.
- Thoroughly clean ALL surfaces - leave your unit CLEAN and bug free. Bugs seek water and food!
- Empty all trash.
- Make plans for mail and package delivery if any.
- Notify the superintendent when your unit will be vacant.
- If you have a bike but it in your unit. Unattended bikes left outdoors are at risk! The Association is not responsible for bikes or any of your belongings left outdoors during your absence.
- Store all patio furniture and furnishings indoors. Wind damage is a high risk.
- Lock up. Leave auto key with our superintendent if car remains in our lot.

TRASH DISPOSAL - NON-RECYCLED: Use the large dumpster at our Harrison Ave. driveway. This trash will go to an approved land-fill.

TRASH - RECYCLED: Use the small bins next to the large dumpster. Approved for recycling are: newspaper, junk mail, flattened clean cardboard and magazines, paper, clean plastic containers, with their lids, and aluminum cans.. NOT FOR RECYCLE: GLASS JARS, PLASTIC BAGS - take them to Publix recycle if you like. PIZZA BOXES, ALUMINUM FOIL, LIGHT BULBS, BATTERIES, TISSUES, PAPER TOWELS, WINDOW GLASS, BROKEN GLASS, FOAM PLASTICS, FOOD WASTE, POTS AND PANS, CONSTRUCTION MATERIALS - put them in the large regular land-fill dumpster.
